Shop our library of Designer Fabric Books. Collections include Barbara Barry, Larry Laslo, Ralph Lauren, Laura Ashley, Collier and Campbell and Nautica.

Furniture, Reupholstery and Slipcovers

Custom upholstered furniture in your choice of thousands of fabrics. Kiln-dried hardwood frames, 8-way hand tied springs, and inner-spring cushions are just a few of the features in our furniture line.

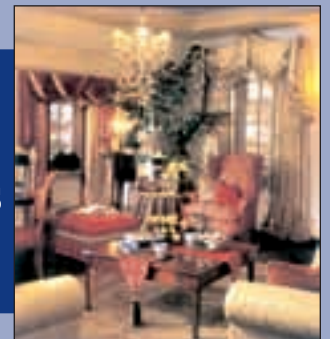

We also feature custom reupholstery and custom cut slipcovers.

Custom Bedding

Enjoy the luxury of outline quilted custom bedding. From comforters and duvets to pillow shams and dust ruffles. All custom made to fit your bed. Perfect for today's extra high pillow top mattresses.

Custom Accessories

The choice is yours... A beautiful embroidered silk, an elegant toile or a richly colored jacquard, all complemented by coordinating trimming and tassels. Our fabric and trim collections are second to none! Enjoy our complete range of custom services for pillows, cushions, tablecloths, reupholstery, bedding, slipcovers, window treatments and more.

Ado ActiBreeze

The world's most beautiful furnishing fabrics now also feature Ado ActiBreeze—the revolutionary new technology to improve air space and free it from pathogens detrimental to health. Featuring a revolutionary broadband effect, Ado ActiBreeze reduces space-air pollutants breaking them into water vapor and CO₂.

Ado BioProtect

Introducing the first home furnishing fabrics that improve interior hygiene. Ado BioProtect fabrics are permanently anti-microbial, fulfill the highest hygiene standards, prevent odor development and retain their effectiveness for years to come.

Energy Saving

Window Film

Simply applied to glass windows and doors, help shield home furnishings from the fading and deteriorating assault from the damaging UV rays of the sun. So your color schemes stay true, all your carefully chosen floorings, draperies, and upholstery retain enviable strength and beauty for years to come. Window film holds radiant heat and air conditioning inside and keeps sun-generated hot spots out.
